What is CaringBridge?

CaringBridge provides free websites that connect family, friends and faith communities during a serious health event, care and recovery. It saves time and energy by centralizing communication and easing the burden of updating everyone during a health event.

How CaringBridge Works

Each site is unique – authors add health updates and photos to share their story while visitors leave messages in the guestbook, creating a network of support for the patient.

Spiritual Support Online

A personal CaringBridge website makes it easy to share prayer requests and surround a patient and their caregiver with support, love and encouragement. Through the power of prayer, CaringBridge communities experience emotional and spiritual healing, and improved quality of life.

“We had no idea God would use the tool of CaringBridge to bring us the comfort and hope we needed so badly.”

– Chandler Shelton,
mom of baby born with heart defects
