## What is CaringBridge?

Caringbridge provides free websites that connect people experiencing a significant health challenge to their family, friends and faith community, making each health journey easier. CaringBridge websites offer a personal and private space to communicate and show support, saving time and emotional energy when health matters most.

## How CaringBridge Works

Each site is unique – authors add health updates and photos to share their story while visitors leave messages in the guestbook, creating a network of support for the patient.

## Spiritual Online Support

A personal CaringBridge website makes it easy to share prayer requests and surround a patient and their caregiver with love, hope and compassion. Through the power of prayer, CaringBridge communities experience emotional and spiritual healing, and improved quality of life.

*“We had no idea God would use the tool of CaringBridge to bring us the comfort and hope we needed so badly.”*

– Chandler Shelton,  
mom of baby born with heart defects
