

# CaringBridge®.org

## What is CaringBridge?

CaringBridge provides free websites that connect family and friends during a serious health event, care and recovery. It saves time and energy by centralizing communication and easing the burden of updating everyone during a health event.

## How CaringBridge Works

Each site is unique – authors add health updates and photos to share their story while visitors leave messages in the guestbook, creating a network of support for the patient.

## Online Community of Care

A personal CaringBridge website brings family and friends together online, surrounding a patient and their caregivers with support, love and encouragement.

*“On the first day I created my CaringBridge website I received 120 visits. I never could have communicated with 120 people in one day without this website.”*

– Sara Pallan,  
a woman in remission from leukemia
